### 1. Centre Philosophy

St Joseph's OOSH focuses on creating a safe, supportive, and engaging environment that fosters children's social, emotional, and academic growth. Children can engage in a range of play and leisure experiences that allow them to feel happy, safe and relaxed, interact with friends, practice social skills, try new activities, learn life skills and have FUN!

Our service is guided by 'My Time, Our Place' Framework for School Aged Care in Australia and is committed to providing a quality service. We have used the voices and views from our team, OOSH families and their children to create our philosophy statement.

### OUR SERVICE

**We are committed to providing 'Guilt Free' outside school hours care for busy working families.**

Accordingly, whilst families are attending work commitments, we will do our best to provide a range of activities and experiences to cater to the needs and interest of every child whilst providing opportunities for children to develop social skills and emotional wellbeing. We aim to maintain inclusiveness, accepting the appreciation of Australia's multicultural society whilst enhancing awareness. In doing this we have respect for cultural differences and similarities.

We believe that promoting environmental sustainability is important for the well-being of children and the community. We encourage children to learn about and care for the environment through activities such as gardening, recycling, and reducing waste.

### OUR CHILDREN

**We are all unique and our interests & voices form the foundation of the service.**

Enriched programs are designed to cater for differences in ages, skills, learning styles, interests, abilities, communication & feedback through a variety of recreational and challenging activities.

Children deserve to be protected, listened to, be unique and be included and have a safe place to learn, play and grow in our changing world.

### OUR FAMILIES

**Our families' ideas, beliefs, culture & heritage are valued. We have the opportunity to voice our suggestions and ideas for the programming & planning of the service.**

Families can communicate their goals and expectations of the service to meet the needs and goals of each child.

### OUR EDUCATORS

**We are a great team of forever learners striving to strengthen our knowledge and skills to provide a high-quality service.**

Our diverse and respectful team believe their roles aren't just a job, but a meaningful opportunity to build positive relationships with children and families to create a supportive and inclusive environment. We work to create a sense of community within the childcare setting that promotes children's social and emotional well-being.

Management supports educators to develop a curriculum, offering support, providing feedback and evaluation, and creating opportunities for engagement. By doing so, management helps educators deliver high-quality care that meets the needs of school-age children.

With happy educators, we know that our children and families will benefit.

### OUR COMMUNITY

**We believe that involving the community in our program is critical to children's success.**

We are dedicated to partner with community organizations to provide opportunities for children to engage in a variety of activities, including indoor / outdoor sports, cooking classes, yoga, dance, martial arts, tutoring and more. Our program is designed to promote the physical, social, emotional, and cognitive development of school-age children.

We participate in community events and activities, and we work to build relationships with community members to better understand their needs and interests.

Our priority is to do everything possible to improve our service. A complaint can be formal or informal. All conversations or written complaints will be treated as confidential. A full copy of the complaints and grievance procedures can be found onsite or obtained upon request. We support parent's right to make a complaint and will help them to make their complaints clear and try to resolve them. ### **25. Emergency Evacuation**

In the event of an emergency or a fire, the Responsible Person on duty will instigate our Emergency Evacuation Plan. All staff are briefed and practice the emergency evacuation procedure and the children are involved in an emergency evacuation rehearsal at minimum once per term. For full details of our emergency evacuation plan please see our policy folder onsite. In the unlikely event of an emergency staff will raise the alarm and children will be evacuated via the closest exit and will be assembled and accounted for immediately. Relevant authorities will be notified. If the emergency is deemed to be significant, children will be moved offsite and assembled at the meeting and pick up point. Parents will be notified as soon as children are removed directly from danger and settled and reassured. In this instance parents may be asked to collect their child/ren from the evacuation pick up point. Parents can access the full Emergency Evacuation Policies and Procedures onsite and will be notified of the pick-up point when phoned in the event of an emergency.

Management will discuss the issue with the Responsible Person and develop a strategy for resolving the problem, this would be discussed further with the individual or if necessary, a meeting will be organised with the Responsible Person and individual to resolve the problem.

All complaints will be recorded and dated indicating the issue of concern and how it was resolved. All information on complaints and grievances will include evidence that complaints are investigated within satisfactory time frames and have led to amendments to policies and procedures where required.
